From the Sump

Unusual editorial this month! I have been approached by Peter Harris, once a member (s/n 190) of Wessex. Some years ago he moved to France and started a museum. He is now selling up and has some engines for sale. It is his intention to attend the Cranmore sale on Saturday 15th October, so I suggested that he advertise his engines in "Cranking" so deals can be done before he comes over. Here's what he has for sale.....

Argosy Water Pump, 1927. On 4 wheel trolley. £80.

Bodyshop Mig welder NW 100-2 on trolley. Gas bottle and wire. £50.00

Handmade Rotavator circa 1955. 2 speed, 98cc. Puch Engine. Iron wheels. £55.00

Lister 'D' 1928. Shaft drive mag. On 4 wheel trolley (as New) £120.00

Lister 'D' 1937. On Lister original trolley complete with handbook. £75.00

Villiers Generator. Mk15 ohv 110v. In a frame, scruffy but complete. £55.00

Individual Photos can be supplied on request.

All prices are "or near offer". The engines are either restored or in good order having been run before exhibition. They have not been run since they were put into the museum, but have – of course – been dry stored.

He will bring them to Cranmore for collection (cash on the day please) without charge. Please bear this in mind when trying to get his prices down!

Please contact Peter direct – I know only as much as is in the advert!
