Interested in old engines?

Need information and assistance?

Got a fascination for ancient machinery?

Perhaps you remember the engines you worked with when young?

Would you enjoy contact with like minded souls in one of the largest stationary engine clubs in the UK?

Well, you could do a lot worse than join us!

Our club was founded in 1976 to develop and exchange views and information of stationary engines and the equipment that they drove. We are a very active lot, putting on spring and autumn sales, several informal display meets we call "crank ups" and hold a two day rally each June. We also publish a four page monthly newsletter. There is a club shop that sells tee shirts, caps and other regalia marked with our logo.

We usually meet on the last Monday in most months at The Court Hotel, Lynch Hill, Emborough, Radstock, Somerset, BA3 4SA. There is always a talk, quiz or other activity on club nights.

Membership also includes £5,000,000 of Third Party Liability insurance in respect of the public display of your engines.

I herewith apply to join the Wessex SEC Ltd. *Please print in BLOCK CAPITALS*
